Participant Testimonials

"I was so inspired by all the work being done around the country. I will be bringing a lot of information back to my EBP fellowship and have a bunch of ideas for new projects. Inspirational and my new professional goal will be to present at one of these events."

- Clinical Nurse

"This was a great networking opportunity as well as informative sessions that can be implemented in all facets of an organization."

- Clinical Nurse Specialist

"Amazing experience- can't wait for next year! I learned so much and got to network with so many other researchers."

- Senior Director

"Essential content for anyone involved in EBP or nursing research."

- Associate Nurse Executive
