

Success Pays[®]

Your organization can receive substantial savings in test-taking fees with Success Pays[®]

Easy as 1-2-3!

Get and keep more nurses certified with no financial risk!

Help nurses achieve certification. Reduce nurses' test-taking anxiety and eliminate financial barriers with the American Nurses Credentialing Center Success Pays[®] program.

Success Pays[®] includes certification by exam, certification renewal, and the retired certified nurse recognition program. Nurses are given two opportunities to achieve certification, and you only pay for the ones who pass.

- 1 Define your organization's success! Set your certification rate target and determine your minimum order on initial certifications under the Success Pays[®] program.** There is no minimum or maximum number for certification renewals. The credentialing center gives your organization a unique code, which you distribute to nurses. Individual nurses use the code in place of traditional payment methods to apply for one of 17 nursing certifications.
- 2 The nurse takes the test or completes renewal requirements.** When a nurse passes, a fee for the exam or renewal appears on a monthly invoice to your organization. If a nurse fails the first time, one retest is available at no additional cost. If a nurse fails the retest, your organization is not charged.
- 3 Your organization increases its number of board certified nurses, with no financial risk!**
